

Count on Metro Dogs in ANY SEASON

Metro Dogs invites you to come see what everyone is barking about this holiday season. Since 2006, the company has offered a refreshing approach to dog walking services. Owners Michelle and Adam Cox started the business with the vision of making your dog's experience more interactive and exciting. With a fusion of socialization and exercise, Metro Dogs will take your pup to move around freely with hikes, playgroups and daily trips to parks. Also featured is their Park Social, an outing of 30 minutes of playtime with the option of extending playtime. This family-owned company has four talented assistants who provide additional care and supervision for your pet. Your dog will be welcomed with energy and years of professional experience.
